President's Message-Lisa Lewis

What fun we had painting Karon's pumpkin picture last month! Between that and the beautiful snow scene we painted with Andrene the previous month, I'm quickly getting into decorating for the cooler months.

Meeting in person hasn't exactly taken off like I'd hoped, understanding your hesitation with loved ones who have vulnerable health. October will be the last month we will meet at Garden Plaza in 2021 so please make every effort to come. We have a new board to vote in and would love to have a quorum present to make that happen.

I will be your rosemaling instructor on Oct. 18 so please read ahead for all we'll be doing. I'll be bringing my Swedish meatballs for us to snack on!

2022 Executive Board (Proposed):

President: Marilyn Corners

1st Vice President: Ginny Sparlin

2nd Vice President/Membership: Deb Poster

Secretary: Ginny Sparlin

Treasurer: Linda Beaty

Historian: Char Bucher

Newsletter: Verlene Siska

Committee Chairs:

Traveling Seminars: Melinda Barnes

Local Seminars: Char Bucher

Facility Coordinator at Garden Plaza: Catherine Roche

Sunshine: Karon Sorensen

Hospitality: Andrene Schmelzer

Membership Booklet: Elissa McAlear

Website: Melinda Barnes

BIAC: Marilyn Corners

Lisa Lewis, soon-to-be-outgoing president

Co-Vice President/Program Report-Nancy Glassman, Mary Steingesser

Thank You to Karon Sorensen for teaching the awesome watercolor Fall Pumpkin at the September meeting.

Monday October 18, 2021 6:00 PM Lisa Lewis will teach Rosemaling technique. The list of supplies and acrylic paints for this project are listed below.

ROSEMALING PROJECT, Oct. 18, 2021

SUPPLIES NEEDED:

Painting Surface: Circular wooden, 9"-10" (Hobby Lobby has 3 to a pack for \$4.50)

Acrylic paint colors:

Prussian Blue

White

Yellow Ochre

Burnt Sienna

Cadmium Red Medium

Brushes:

Flat Brushes for Acrylics: ¼", ½", ¾"

Liner – the longer the bristles the better

Palette or Paper Plate for mixing

Water container

Acrylic Medium for extending drying time

BEFORE YOU COME TO THE MEETING:

1. If desired, spray varnish or shellac onto the painting surface.
2. Center pattern onto surface and trace using graphite paper.
3. Make sure your surface is completely dry!!!

This is a labor-intensive project. My goal is to get ¼ of the “circle” done so that you can finish the remainder on your own. We will be mixing colors, learning how to load the brush, and learning how to add the little details that turn “blah” into “spectacular.” If you can attend the meeting, it will be much easier for all of us! We will be doing a Zoom call in case you just can't come.

November 15, 2021 6:30 PM will be a Chapter Holiday Party via Zoom during which we'll have games and prizes in addition to holiday cheer! Before this, we'll have an optional Secret Santa exchange. Let us know by Sunday, October 24 if you want to participate. The next day, you'll get an email (or phone call if you prefer) letting you know who you have. Buy/make that person a gift around \$10-\$15 and mail/bring it to them so that they have it before the Nov. 15th Zoom party.

Please notify Nancy or Mary by 10/24 if you want to participate in the secret Santa gift exchange.

Report for Sunshine- Karon Sorensen

We want to wish the following a wonderful Birthdays!!

Jerry Hunt October 2
Judy Murphy 10
Catherine Roche 19

Hospitality Report-Andrene Schmelzer.

I want to thank Karon and Catherine for bringing treats to the September meeting.
For October we have Lisa and Ginny bringing treats.
Remember ladies, we don't need you to bring a lot, as it seems most have been doing Zoom instead of coming in person
Thanks for volunteering.
Andrene

Sharon Shannon... Sharon has some beautiful colored pencil and acrylic patterns. You can also watch some of her video clips on her website. From her menu click on Videos. There are two colored pencil video clips on painting a leaf. Sharon also has a tip video on floating and tinting. The last clip I watched was transferring a saying on parchment paper to her wood ornament and then painting it. I thought that one very interesting and good to know.

Painting Tip: I am sharing, with permission, an article **Tracy Moreau** wrote on Facebook.

Sealing surfaces is always a hot point.

I usually seal NEW wood surfaces with All purpose sealer or Decoart Decoupage. I use a seal and first base coat trick that is a great time saver!! I mix All purpose sealer, or decoart Decoupage with equal amounts of my base colour. I apply it generously and smooth it out to remove brush marks. Allow it to dry well, Then sand it lightly to remove any burrs or furring. Then apply a second coat of the same mixture. Let it dry well. Sand lightly once again. If another coat of the colour is need apply one coat of just the acrylic paint.

I prefer to seal MDF Surface with a coat of Gesso, let it dry then sand lightly.

Older surfaces (reclaimed furniture, old finishes or unknown finishes) I prefer to seal with a stain blocker, usually 2 coats letting each one dry before reapplying. I then let it dry for 24 to 48 hrs before I begin painting. It is incredibly frustrating to have old stain or varnish leach colour through your hard work.

For Metal, Thoroughly clean the surface with a good grease cutting soap (dawn works great) and Hot water. Brush off any loose rust. Let it dry well. Apply two coats of DecoArts Metal Primer, letting each coat dry well before reapplying. Let it dry 24 hrs.

This primer will Block rusting. Works right over Rusted surfaces.

Painting Tip: I'm sharing another tip with permission from **Peggy Harris** she wrote on Facebook.

Cooler weather is upon us, so it is time to remember not to wear fuzzy sweaters (and put out the pets) when applying varnish! Also take a moment to Swiffer surrounding surfaces before any miniscule yuckies drift into your wet surfaces!

No matter how careful we are, inevitably some speck or small brush hair lands in our perfect wet surface! The trick is to retrieve the offender before the varnish sets up, disturbing as little as possible, and in time for the varnish to self-level again.

THE BEST RETRIEVING TOOL IS A NATURAL WHITE HOG BRISTLE BRUSH. Under a microscope, natural bristles look like tiny twigs (unlike the usual brush hairs and fibers)! This flagged tip structure allows them to quickly grab debris and effortlessly lift it out of the varnish with the least disturbance.

Peggy Harris

Varnish 2... Here is another great tip written by Peggy Harris.

TIP Chat: Did you know that ANY varnish may be WIPED ON? Wiped-on varnish requires more coats than brushed-on varnish, but it is practically fool-proof and so much easier for large pieces!

Commercial wipe-on varnish such as Final Coat and Min-Wax are easy-to-use and dry quickly, but I am partial to Jo Sonja's Polyurethane Satin or other quality traditional varnishes for a rich, lustrous finish.

APPLICATION:

Lightly seal your painted surface with matte acrylic sealer spray. (If you avoid sprays, you may gently pat a light coat of your varnish over the painting before proceeding.) Apply varnish with a non-spongy, no lint pad – a square of synthetic chamois is a good choice. Dampen the pad with water and squeeze out excess moisture. Dip the pad in varnish and QUICKLY wipe over your surface. It is best to smooth in one direction, changing direction with each successive coat of varnish. Store your varnishing pad in a wet paper towel between coats. Because wiping removes almost as much varnish as it deposits, each coat will be thin but multiple coats will soon result in a flawless finish! Let each coat of varnish dry – it won't take long. Proceed to apply multiple layers of wiped-on varnish, lightly buffing with a #0000 steel wool pad about every 3 coats. Allow the last coat of varnish to cure for 24 hours, buff VERY lightly with steel wool, and apply/buff a coat of Goddard's spray wax. I always apply at least 6 coats of varnish ... sometimes many more, especially for the look of exquisite Chinese lacquerware.

Paulette DiGesare... If you have Facebook you need to check her out! She is an amazing artist who has become very popular. Paulette is teaching on Zoom everywhere it seems. :) I can't find a website for her, but you can contact her through Facebook and look at tons of projects and can order packets from her there. The good news is Pikes Peak and High Plains is having her teach a seminar on Zoom for us next year! I will keep you all posted.
