Marilyn Corners President's Report:

Hi Everyone,

You must all be knee deep in matting, framing and putting the finish coats of varnish on your beautiful pieces for our Art Show next Saturday. I am so excited to see all the amazing and wonderful paintings and projects that you each come up with. It is going to be such a good time.

Remember that we have a class at Ross U-Hills Library, Saturday, September 28th, 10 to 1:00. Call **720-865-0940** to register. It is free and we will be doing a fall themed project.

Please carefully read all the articles from our committee chairman in this newsletter to know what is coming up.

See you all at the Luncheon this Friday.

Hugs,
Marilyn

Verlene Siska - Vice President/Program Chairman

Hello Fellow Painters!

Don't forget to bring the place mats you painted at our August general meeting to our annual art-show-luncheon, September 13th. This year we have added a new category. That category is your favorite all time piece. So, if you have a favorite be sure to bring it to the luncheon.

The luncheon will be held at Blossoms at Heather Gardens, 2888 S Heather Gardens Way see the August Newsletter for map.

At our general meeting October 21st we will be painting plant buddies in the shape of Halloween masquerades. Each mask is about 4" x 2.5" and the wood is 1/8 inch. There will be a \$1.00 charge for each masquerade. The chapter will supply the paints. Please bring your acrylic painting supplies.

These masquerades were created by Chicago artist (now living in Nova Scotia), Sheila Landry. At one point Sheila had worked as a decorative painter, but then about 20 years ago she discovered the scroll saw and today most of her work is in this field. According to Sheila the scroll saw is no more dangerous than a sewing machine. If you would like to try using a scroll saw she has a free online class-

Sheila is a contributing editor for Creative Woodworks and Crafts magazine. Over the last 15 years she has contributed over a hundred articles to All American Crafts publications (Craftworks, Paintworks and Creative Woodworks and Crafts). She also has had at least one project in each issue of Creative Woodworks and Craft magazine for over six years running, many times two or three.

Also in October there will be a one day paint in on October 22 (10-4) where we will be painting Christmas ornaments for Gander Mountain.

Our annual Holiday party will be held November 18th. This year we are asking you to bring a plate of cookies to give the Gander Mountain staff, A Christmas tree ornament for our ornament exchange and a food goodie to share with the group.

Hope to see you on the 13th!

Verlene

Elissa McAlear - 2nd Vice President/ Membership Chairman

Painting friends,

Marilyn advised us that [Judi](#) Patti's class is full.

We will be meeting at Gander [Mt.](#) Tues, August 27 to finish painting placemats for the luncheon. Linda [Bierman](#) volunteered to bring chicken salad sandwiches.

Hello Painters,

Let's start off with a **TIP**. While we were painting our placemats for the luncheon a couple of the ladies noticed I used a disposal glove while I was sponging the background. I always carry at least one disposable glove in my painting bag at all times. I use the glove when I am spattering the surface with a toothbrush too.

Tip: Many of us remember Joan Johnson, MDA. Her husband has had a website devoted to Joan's work for a couple of years, but I noticed recently Howard has added e-packets, e-books and her Pattern of the Month Club. You will be pleased to know there is a free oil e-packet available on the website you can print out.

<http://joanpatterns.com/>

Brushes and More have several videos for product techniques you might like to view.

<http://www.brushesandmore.com/>

I have to tell you that **Jamie Mills-Price is coming to teach in Colorado** in 2015! Jamie paints the cutest snowmen and other things you will ever see. Jamie has only recently started travel teaching and Carolyn Caldwell grabbed the chance to book her for the High Plains Chapter in Littleton. Jamie is an excellent teacher and I have sent you to her website on occasion for her free patterns. I will let you know more details in the future.

I also learned that **Tolefriends** is not charging a fee to be a member starting this month. If you are interested in communicating with other artists all around the world you will enjoy this email list. You can get individual or digest emails. While you are there check out all of the painting and craft links on the website. I haven't had the time in recent years to update the links as I used to do, but there is still a lot there. <http://tolefriends.com/>

Some of you who have been painting a long time and attended trade shows a few years ago may remember **Dee McCall**. She is a sweet lady who designed and painted on many different types of wooden boxes. Or maybe instead you may remember her good looking sons who helped her work the booth and make those boxes. <grin> I found her by accident a few months ago. She and her son are still in business... now making candles. I love their website and I think you might like looking at their candles.

<http://www.mccallscandles.com/>

Ronnie Bringle now has e-packets for sale on her site. There are only three e-packets available now, but we will be adding more as time allows. The newest packet is the "Color Wheel of Fruit". If you have ever wanted to paint one of Ronnie's pieces this is a winner because there is a free video to go along with the pattern on her blog. <http://ronniebringle.com/>

Color Red: I can't believe I haven't mentioned the color red before (maybe I have) because it is my very favorite color and has been as far back as I can remember. Did you know red is the highest arc of the rainbow? Red is the first color you lose sight of at twilight? Do you know that the longest wavelength of light is red? Bees can't see the color red, but can see all other bright colors. Red flowers are pollinated by birds, butterflies, bats and the wind.

That's it for now... I hope to see all of you at our luncheon September 13th.

Melinda
